

Week of: May 5-9

Teacher: Judy Chambers

Class: Art 2 Drawing

Monday	Objective: The STW produce a design for use in practical applications
	Activities: Choose a glass and an object to place in the glass and decide on your design. All drawings will be on tracing paper the same size as the watercolor paper after it has been taped to a board. The drawing should be a line drawing. Do not elaborate with shading. This will be done with the watercolors.
	Materials: Tracing paper. Pencils. Erasers. Glass jars and containers. Objects from around the room, home, or flowers.
Tuesday	Objective: The STW produce a design for use in practical applications
	Activities: Continue your drawing for your watercolor painting.
	Materials: Tracing paper. Pencils. Erasers. Glass jars and containers. Objects from around the room, home, or flowers.
Wednesday & Thursday	Objective: The STW use their design to produce a watercolor painting that displays the watercolor techniques learned in the last two weeks.
	Activities: Tape Watercolor paper to a board and write your name on the tape. Continue working on your design. When your design is finished, use graphite paper to transfer your drawing to the watercolor paper.
	Materials: Watercolor paper. Tape. Board to tape down watercolor paper. Watercolors, Brushes, containers for washes, paper towels. Past students watercolors illustrating this lesson
Friday	Objectives: The STW use watercolor techniques learned in the last week to produce a watercolor painting.
	Activities: Substitute will be teaching today because I will be administering the AP test for the Art Portfolios. Continue painting your still life of a glass that has an object placed in it.
	Materials:
